

Supplementary Figure S5. Forest plots for meta-analysis of miR-149 rs2292832 sub-grouped according to the broad cancer category. **A)** Homozygote comparison; **B)** Heterozygote comparison; **C)** Dominant model; **D)** Recessive model; **E)** Allele contrast. **Abbreviations:** GI: Gastrointestinal tract cancers; HNC: Head and neck cancers

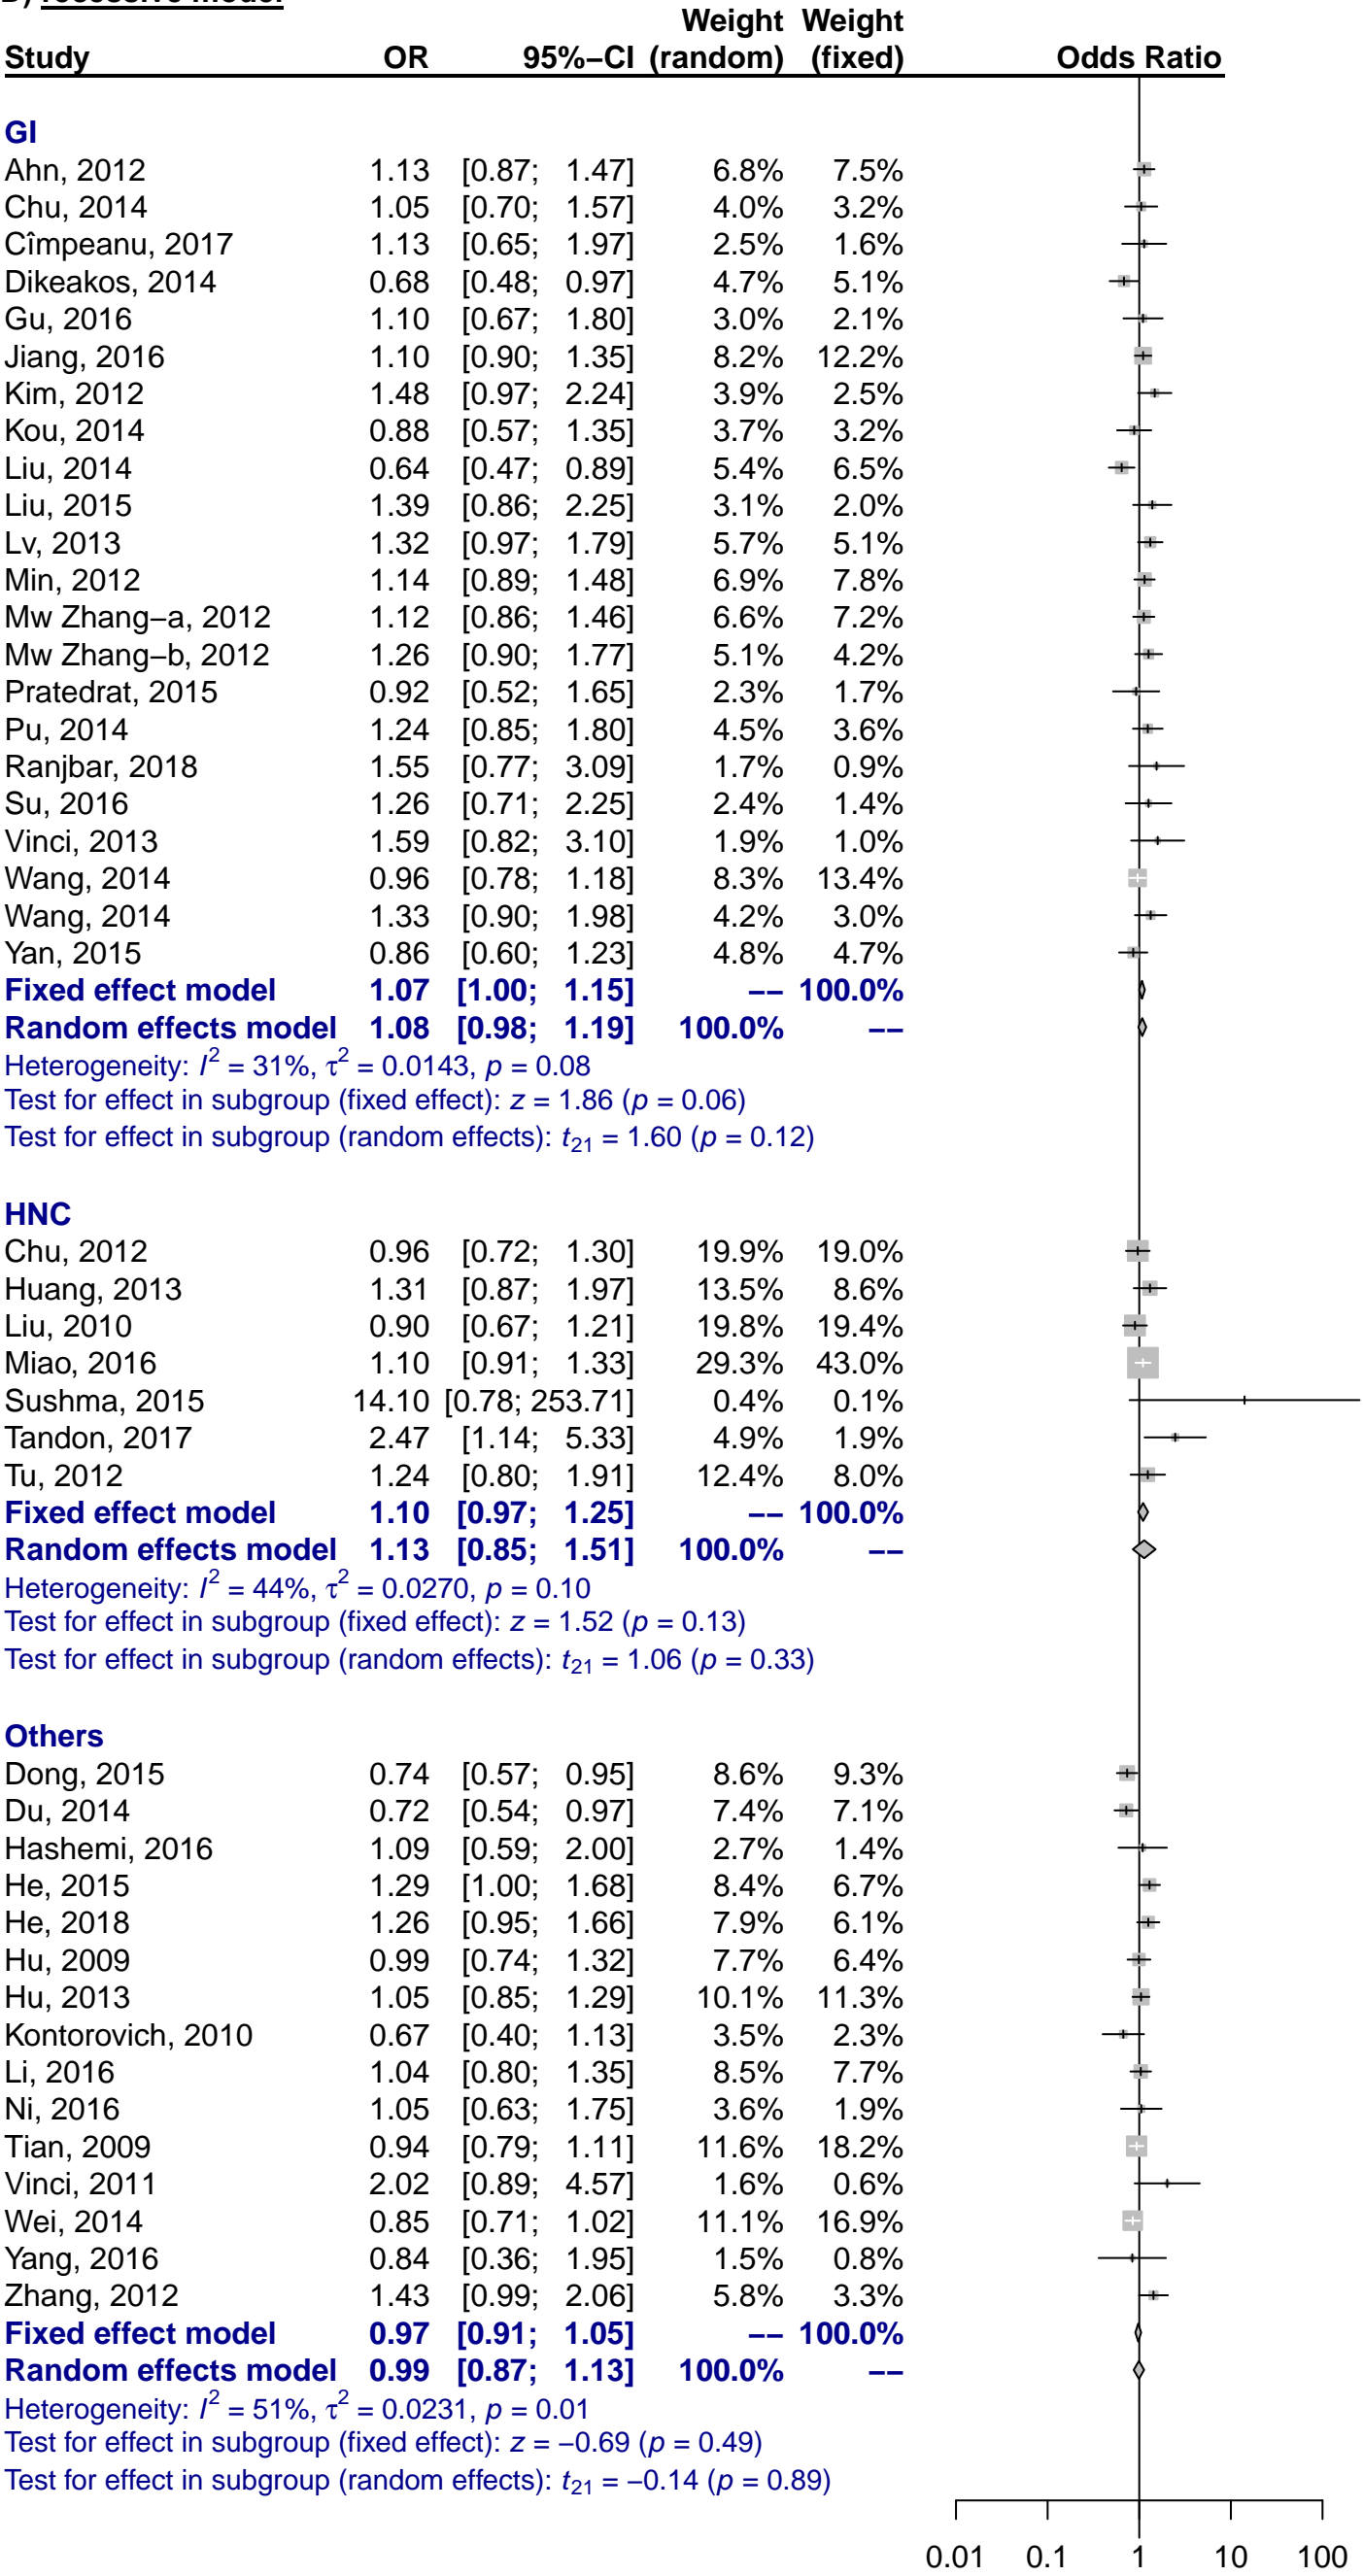

B) Heterozygote comparison

C) Dominant model

D) recessive model

E) Allele contrast
