

Supplementary Material

Supplementary Figure 1. Number of publications (blue line) per year retrieved from the Web of Science Core Collection selecting the topic “Alexithymia OR Alexithymic”. The exponential trendline is presented in red colour. On the horizontal axis: years (from the most recent). Vertical axis: number of records retrieved.

Supplementary Table 1 Number of publications for Document Types and Top 20 Authors, Organizations, Countries/ Regions for number of publications. Values are computed from the pool of 4930 publications in English language retrieved from the Web of Science Core Collection selecting the topic “Alexithymia OR Alexithymic”.
